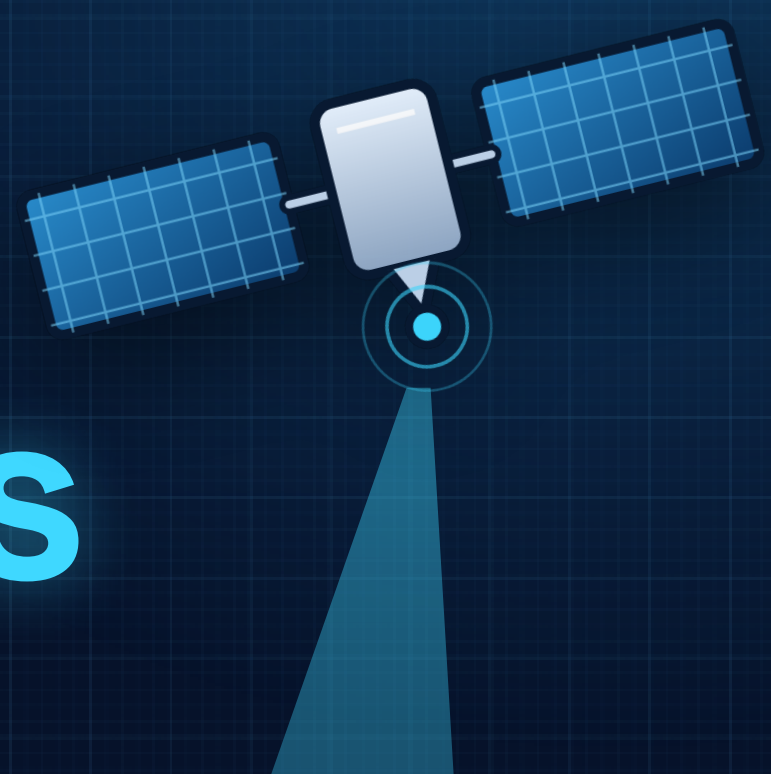
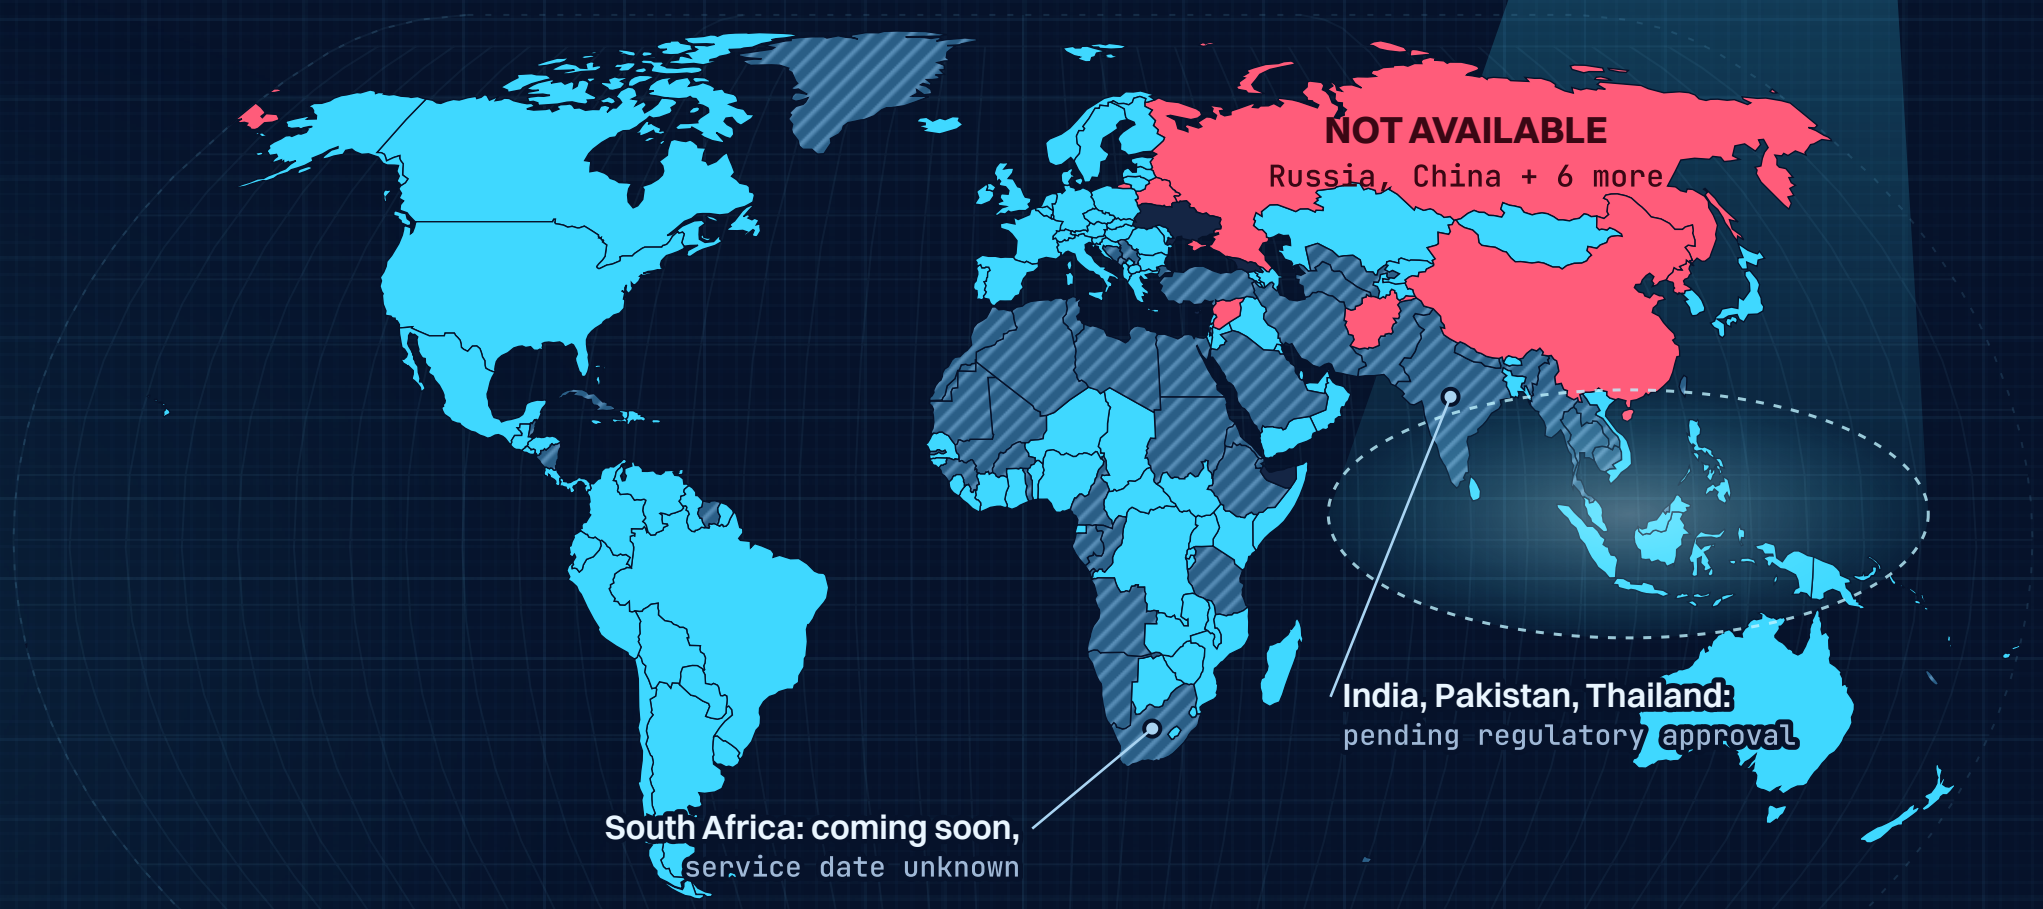
Where Starlink Works

173 markets live. 71 coming soon.



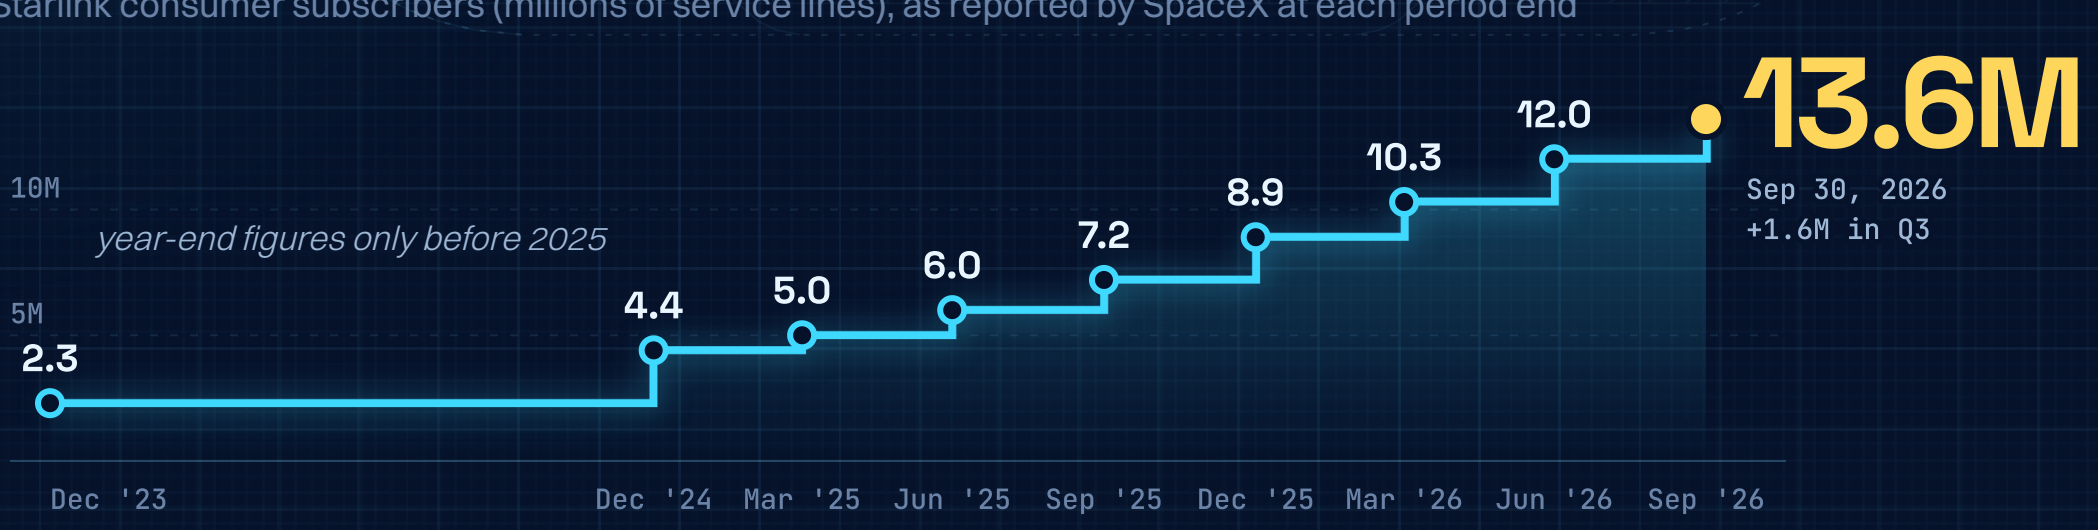
Starlink's own map lists service as available in **173 of 255** countries, territories and areas. SpaceX counted **13.6 million consumer subscribers** on Sept 30, 2026, up from 2.3 million at end-2023.

173	71	8	3
AVAILABLE	COMING SOON	NOT AVAILABLE	NO STATUS SHOWN



The subscriber line has stepped up 5.9×

Starlink consumer subscribers (millions of service lines), as reported by SpaceX at each period end



SOURCE *Starlink availability map data (starlink.com/map, updated Nov 20, 2026); SpaceX SEC filings (2026 prospectus, Q2 & Q3 results).*
Note: Available = launched + available; Coming soon = coming soon, pending regulatory, unknown. Counts include territories.
Cyprus, Georgia and Ukraine have no status on the public map. Subscribers = consumer service lines, excl. enterprise/government.
Steps join reported period-end values; Science of Apps calculation: 13.6 / 2.3 = 5.9×.
